

LIFE IN THE

I.S.K.

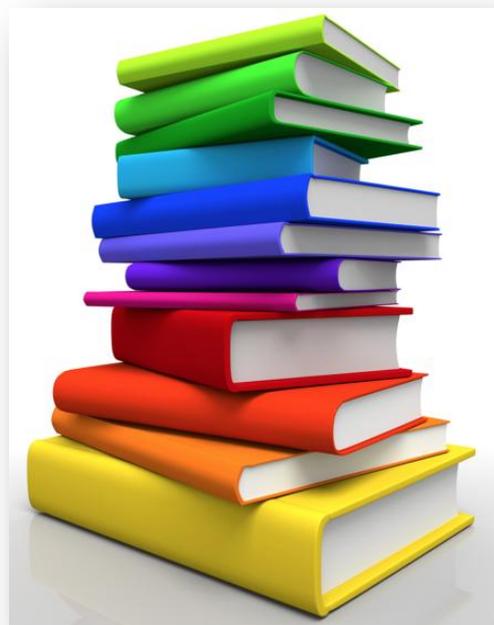

In this newsletter, we hope to give you an insight in to what life at your new secondary school will be like. It is written by the students of 1 Munster who are attending the I.S.K.

1 Munster 2014

BOOKS

As you make the transition from 6th class to 1st year you will feel a lot more weight in

your bag from all your new books. In secondary school you will have more subjects than you have had in primary. They will be a lot heavier too, as some of them will be used right up to Junior Cert . So, you will need a bigger and stronger bag.

If you're looking for a book to read or maybe something for a project, the ISK have got a marvelous library. It is open from Tuesday to Thursday every week. It has computers, board games and plenty of different genres of books.

SPORT

The importance of a well rounded sports education is not wasted on the staff in the I.S.K. We

recommend to try all sports as it is great fun and is a wonderful way to make new friends.

Members of the sports teams also get to go on great days out for matches. Although students at the I.S.K. play sport at a high

standard anyone of any sporting ability is welcome and encouraged to attend training. There is

an experienced panel of coaches that are willing to help all interested students to improve.

FACILITIES

The I.S.K. have a wide range of facilities open for all students, including a basketball hall, two astroturf fields, three tennis courts and a natural grass field behind the school.

There are great facilities inside the school too, which include a projector and computer in every classroom, and fully equipped Home Economics, Computer, Materials Technology rooms, and science labs.

TEACHERS AND CLASSROOMS

In the I.S.K there are over 50 teachers, who all teach different classes and subjects. You will find that as long as you stay organized and keep on top of your work you will get on fine with all of them.

Each year is divided into four classes. The divisions are called Desmond, Munster, Leinster and Connacht. Each of these classes will have a homeroom. The

homeroom is where you will have most of your classes. It is also where you will meet your class tutor every morning.

The class tutor comes in for five minutes every

morning before classes begin, to check your uniform, collect any notes you might have, or answer any questions you need to ask.

There is wonderful Learning Support in the school for all who need to avail of it. For learning support, you can be taken out of religion class. Whether you're 12 or 18, if you need it full time or just for one topic, the learning support is there to help

Have a go at our word search! Find the subjects that you can study at our school.
